Empowering those without insurance | Appointment skipping for Specialists

CONFIDENTIAL - DO NOT DISSEMINATE. This business plan contains confidential, trade-secret information and is shared only with the understanding that you will not share its contents or ideas with third parties without the express written consent of the plan author.

current situation

Sought after practitioners can have **wait times of many months** for an appointment or consultation.

Hospitals prioritize doctors to perform services that **create more revenue like operations** over consultations and acute appointments.

our solution

Allow for appointment skips for **non-emergency bookings** for patients and doctors in demand.

A unique solution that solves the ethical question in the companies brand for hospitals to fall back on.

Solves your promotional awareness model through a **tip out model** for your assistant staff who receive a percent incentive.

Creates a **new revenue stream** for doctors and hospitals organizations that did not have a reason to prioritize these low profiting appointments.

why use MediSkip?

A **third party service** so that doctors don't appear **commerce-based**.

A tech start-up that **mitigates tech stresses, IT needs** and requires **no training** for support staff.

A **community hub of doctors** aimed at solving the same problems and allows patients to **find the best specialists** for their needs.

An alternative site that allows for a **tip out model which incentivises the support staff**, allowing for awareness and reducing inflated support staff wages.

A single site that allows for a hospital to **easily manage all the doctor's profiles**, availability and appointment skips.

Appointment skips opens a once closed door to all

NON-INSURED PATIENTS

-  This gives them the alternative to get priority even when they do not have insurance.
-  Giving everyone equal access no matter what their job and insurance status entails.

INSURED PATIENTS

-  Allows for a premium experience for those who have busy schedules.
-  Creates an alternative schedule time for those with unlimited budgets.

profit possibility estimates

Practitioners with a waitlist and appointments scheduled, we assume:

2
MONTHS

= appointment skips could range around **\$600+/-**

6
MONTHS

= appointment skips could range around **\$3,000+/-**

10
MONTHS

= appointment skips could range around **\$5,500 +/-**

15⁺
MONTHS

= appointment skips could range around **\$8,000+**

**WITH a longer wait, will the desire and need to pay a premium to skip become greater.*
